BRIEF, BUT BUSY

Chamber of Commerce Does Some Good Work in Advertising.

The Chamber of Commerce met at its regular time last evening with Jessie McCue acting as secretary in the place of Secretary Higgins.

After duly coming to order Judge Bowley, chairman of the committee on the Farmer's Fair, notified the Chamber that he had the exhibit on grains and grasses which was displayed at the fair, arranged in a suitable manner to be hung on the walls of the Chamber of Commerce.

A communication was read from Mr. A. R. Kanagan, a former resident of this city, requesting that he be furnished with photographs illustrating the fishing, lumbering and dairy industries of Clatsop county, to be used for advertising purposes. His plan is to write descriptive articles on the various industries, illustrating them with cuts to be obtained from the photos, give them an Astoria date line and send them to fifteen or twenty principal journals of the country, thus covering a territory from Boston to the Pacific coast.

As this was to be done without any expense to the Chamber of Commerce, the chairman of the committee on statistics and compilation was instructed to procure and forward the photographs desired.

The matter of stop-over privileges at Astoria for people who buy tickets to Seaside was referred to the committee on transportation and railroads who will place the matter before J. C. Mayo, passenger agent of the A. & C. R. railroad company.

SCHOOLS ARE OPEN

Seven Buildings and Thirty one Rooms in use.

TWELVE HUNDRED PUPILS

Everybody Busy in and About the Public School Service—Registration May Fall Short of Estimate—Settle Down to Work This Month.

Yesterday was a busy day with a host of people who had a direct interest in the general opening of the public schools of the city of Astoria, all the way from Superintendent Clark, to the veriest tot who came within his jurisdiction as a scholar. The bookstores swarmed with youngsters buying books to start fresh studies, or to follow old ones; parents and friends and teachers, principals, and school officers were agog with the duties of the day, and it is safe to assume that nothing much was forgotten.

The schools were thrown open on time and the flood of children and young people was at its height at 10 a. m. Over a thousand pupils were enumerated before noon, but the indications are the hopes of the officers of the district for between 1300 and 1400 registrations, will not be fulfilled. However, that is a matter that will settle itself one way, or the other, and is beyond intervention. The latest figures to be obtained from Superintendent Clark, or from School Clerk Ferguson, are as follows:

High school	83
Adair school	291
Shively school	238
Olney school	114
McClure school	242
Alderbrook school	107
Taylor school	182

Total 1257

The classes as arranged and assigned throughout the seven school buildings by superintendent Clark are as follows:

8A, 21 pupils.
8B, 32 pupils.
7A, 46 pupils.
7B, 50 pupils.
6A, 55 pupils.
6B, 70 pupils.
5A, 54 pupils.
5B, 69 pupils.
4A, 96 pupils.
4B, 129 pupils.
3A, 82 pupils.
3B, 88 pupils.
2A, 71 pupils.
2B, 92 pupils.
1A, 65 pupils.
1B, 124 pupils.
High School, 83 pupils.
Total, 1,257.

The superintendent moved the 8A and 8B, classes from the Shively school to the McClure school, and moved the 7A, classes from Shively and McClure schools to the Olney school and in return sent enough of 7B's from Olney to

Shively to balance room; he also sent the 3A class from Shively to McClure and by doing so relieves the Shively school of four classes, which leaves two classes to the teachers in all the down-town rooms. At the Adair school, rooms 7 and 6 have each three classes, a condition which cannot be helped.

The largest room as to number of pupils, is room 4, at the Adair school, 56; and the smallest room is room 4 at Alderbrook, which contains 17 pupils and four classes.

The superintendent reports everything in prime working order throughout the city system, and has bright hopes for the work and results from the new term and year.

I. O. O. F. AT HAMMOND.

The Lewis and Clark Lodge, I. O. O. F. last night gave a very pleasant reception to about two hundred of the people of Hammond, the particular occasion being the dedication of the new Oddfellows' hall.

The lodge was called to order at 8:30 and full dedication services held. Following this came a somewhat lengthy program, and this was followed by a tasty and much enjoyed supper. Dancing rounded out the evening.

The new hall is tastily fitted up and well lighted; and, though the Oddfellows receptions are always carefully thought out and well executed, this last one was voted by all as the most happy and successful yet given.
